

Help Make Wayne County Famous and Win Prize Money!

Wayne County's Board of Tourism and Industrial Development Authority are partnering to attract the film industry to our community!

Georgia Department of Economic Development's (GDEcD) Film Office provides a website where individuals and communities can post photographs of sites that may be of interest to film makers. We need **YOU** to find and photograph all of the unique sites here in Wayne County!

And what better way to find the best of the best than to have a

PHOTO CONTEST!

Between September 1 – November 15, 2018, you may submit your photo(s) for consideration. If it meets all criteria as set forth by the GDEcD, it will be entered in our contest! Top prize will be **\$1,500!**

All qualified* photos will be judged by a panel of three independent film industry experts from around Georgia. Photos will be displayed and winners announced in December. All qualified photos will then be placed on the state's website for access by film makers.

So here's what we want you to do – find and photograph unique sites in Wayne County that will have film makers doing a double take.

It doesn't necessarily have to be a perfect or beautiful site, but rather "local" – not found anywhere else.

One very important requirement to remember is that the owner of the site must be willing to provide permission not only for you to photograph, but to negotiate with the film industry if the site is ever considered for a film project. Permission is required for public sites as well as private ones.

*Photo requirements are provided in contest package.

For more information and contest requirements, email Candee Harris at charris@connectinwayne.com or call 912.415.8080
